SUMMARY

Machine Learning Engineer with 3+ years of experience in deploying ML models at scale. Skilled in Python, Machine Learning and Spark. Focused on quality and delivery.

SKILLS & TOOLS

Python • Machine Learning • Spark • Pandas • AWS • Computer Vision • Scikit-learn • PyTorch • MLOps • TensorFlow • Kubeflow • SQL

PROFESSIONAL EXPERIENCE

Juspay, Thiruvananthapuram
Machine Learning Engineer, May 2025 - Till date

- Published 9 internal papers and presented results to leadership.
- Built Pandas models in Kubeflow that improved recommendation click-through by 76%.
- Cut model inference latency from 50 ms to 10 ms through optimisation.
- Created feature pipelines and monitoring to detect data drift.

Infosys, Thiruvananthapuram
Junior Data Scientist, Oct 2023 - May 2025

- Cut model inference latency from 60 ms to 10 ms through optimisation.
- Deployed models to production with Machine Learning, serving 15k predictions a day.

ACADEMIC BACKGROUND

M.Sc Statistics - Anna University (2018)

CERTIFICATIONS

- AWS Certified Machine Learning - Specialty

LANGUAGES

English, Hindi, Marathi
