Professional Profile

Senior Machine Learning Engineer with 5+ years of experience in NLP and recommendation models. Skilled in XGBoost, Computer Vision and Hugging Face. Known for clear communication and ownership.

TECHNICAL EXPERTISE

XGBoost • Computer Vision • Hugging Face • Scikit-learn • Pandas • PyTorch • TensorFlow • Feature Engineering • MLOps • Kubeflow • Python • Machine Learning • SQL • NLP

WORK EXPERIENCE

Senior Machine Learning Engineer at Accenture
Dec 2023 - Till date

- Created feature pipelines and monitoring to detect data drift.
- Cut model inference latency from 40 ms to 10 ms through optimisation.
- Built Python models in PyTorch that improved recommendation click-through by 56%.

Machine Learning Engineer at Freshworks
Oct 2021 - Dec 2023

- Built Pandas models in Machine Learning that improved recommendation click-through by 46%.
- Cut model inference latency from 50 ms to 20 ms through optimisation.
- Created feature pipelines and monitoring to detect data drift.

EDUCATION

B.Tech Computer Science - SRM University (2016)

CERTIFICATIONS

- AWS Certified Machine Learning - Specialty

LANGUAGES

English, Hindi, Bengali
